

To Lawn Care and Beyond,

I just want to thank you for coming at short notice to redo the flowerbed at the wine bar. I had planned this big event and my landscapers just could not get to my project before the party. Lawn Care and Beyond defiantly went BEYOND to get my flowerbeds done before the big event.

The flowerbeds turned out amazing; I was impressed with your over all designs. By applying a mixture of flowers, herbs and grasses the flower boxes looked awesome. Each flower box was different, original, and full of colors and textures.

The Party turned out a great success and thanks again for coming to my rescue.

A handwritten signature in blue ink, appearing to read "Matt Sanders", is written above the printed name.
